ADDED VALUE

JOURNAL APP SERVICES (JAS)

The Wiley Journal App Service (JAS) gives users access to top Wiley content on mobile devices. More than 300 Wiley journals are already available as an app, with more being added at a rapid rate. To date, some 113,000 users have registered for this service, amounting to 25,000 downloads and an average visit duration of 11 minutes.

Now you can make use of this new platform and the prime positioning of our media to secure your own success, profiting from the unique and effective advertising opportunities: embedded video and audio, microsites, animations, feedback forms, touchscreen interaction, news feeds, whitepaper and much more besides... **Ask us for further information!**

5 CONVINCING ARGUMENTS:

- **Focusing on your message:** the ads appear between two articles and not over the current article
- Interstitial ads are **5–10 times more persuasive** than banner ads
- JAS supports **rich media content** to generate greater interest
- Interstitials with rich media are **88.3% more effective** than static ones
- Videos **raise the response rate by 35%**

INTRODUCTORY RATE:

€ 950 with a SOV (Share-of-Voice) of 25% – regardless of the number of views.

Nachrichten aus der Chemie is the official source of information from the **Gesellschaft Deutscher Chemiker GDCh** (German Chemists Society) and for the past 65 years has enjoyed wide acceptance throughout its broad readership in research, teaching and industry.

With a print run of more than 30,000 copies **Nachrichten aus der Chemie** has the highest paid circulation in the chemistry sector in Germany.

Four times a year the magazine is published with a higher print run reaching the 2,000 members of the **Gesellschaft Österreichischer Chemiker** (Austrian Chemists Society).

High quality overview articles on all relevant topics in chemistry, coupled with news from the association about events and training sessions, as well as career and economic topics, make the magazine an indispensable medium for the **31,000 GDCh members** and guarantee strong reader loyalty.

In addition to the print issue, which GDCh members can also find as an e-paper on the association's website, a newsletter informs 14,000 recipients about news from the chemistry sector and from the GDCh itself, every 14 days.

GESELLSCHAFT
DEUTSCHER CHEMIKER

Die Gesellschaft Deutscher Chemiker GDCh (The German Chemical Society)

Nearly 30,000 readers of **Nachrichten aus der Chemie** are members of the **Gesellschaft Deutscher Chemiker (GDCh, The German Chemical Society)**. The GDCh bundles the interests and activities of chemists in Germany. As the largest continental European chemistry scientific society, the GDCh has around 31,000 individual and corporate members from academia, business, government and various professions. Approximately 5,500 students and young members develop their own initiatives and 61 local associations, spread throughout Germany, foster collaboration and communication within the scientific community.

The 150-year history of **Nachrichten aus der Chemie**, its global network and its high scientific and societal aspirations, form the basis for its creative activity in the interests of a world that is fit for the future and worth living in.

The GDCh finds positions for experts in the field of chemistry and other scientific disciplines. It organizes job fairs and other events for chemistry graduates providing extensive information about the associated professions and the labor market.

In addition, the GDCh promotes further training of chemists and offers a wide range of training programs for scientists in other disciplines as well as for technicians and business people.

WILEY-VCH Strong partners: Wiley-VCH & GDCh

The GDCh actively supports a modern publication concept and is one of the founding members of the Association of European Chemical Companies (**ChemPubSoc Europe**).

In close cooperation with Wiley-VCH publishing, the GDCh publishes, among others, the peer-review journal *Angewandte Chemie*, *Chemie Ingenieur Technik*, *Lebensmittelchemie* and *CITplus*.

Wiley-VCH publishing bundles activities in various business areas of natural- and engineering sciences as well as economics.

Founded in 1807, Wiley has been a renowned publisher and reliable partner for a world's growing number of decision-makers, opinion leaders and professionals in science, medicine and industry for more than 200 years.

Its focus on specific knowledge areas includes all relevant fields: From the basic needs of the student through primary research to information on the latest laboratory techniques and results of research and development in active ingredients.

To date, Wiley can count more than 450 Nobel laureates amongst its authors. Every month, more than 10 million readers take advantage of the Wiley Online Library and over 800 societies are partners of Wiley-VCH.

 Maximum insert size: 200 x 287 mm (w x h),
 the back fold must be on the long side (287 mm)
 Minimum weight for single-sheets inserts: 150 g/m²

Data format

We accept the following data formats: PDF, EPS, TIFF, JPG.

Please observe the following points:

1. Embed all text or convert it into streams.
2. Use only CMYK colours.
3. With pixel-oriented data formats (colour/greyscale), we require a resolution of at least 250 dpi. Bitmap files (line) should have a resolution of at least 1200 dpi.
4. For the creation of PDF files with Acrobat Distiller, we have provided you with a Joboptions file which can be downloaded at www.gitverlag.com/en/global/order_management/data_transfer/.
5. Do not compress JPG files too strongly, or this will lead to visible loss of image quality. Use the "maximum" or "high" quality gradings.
6. Do not send pre-separated or DCS files.

Use of "open files"

If you send us programme-specific data formats, e.g. InDesign, QuarkXpress, CorelDraw, we cannot guarantee that the layout will not change upon printing (text, separations, line weight etc.).

To avoid errors, please observe the following:

Send all text to be used and associated files together. Attach a hard copy/print-out to the layout check. Ensure that no RGB colours are used in any files, including the associated files. For files from programmes not intended for the creation of printed documents (e.g. Word, Excel, PowerPoint), the files must always be converted. This means inevitable changes in data and considerable additional work, which we have to add to your invoice. In some cases, conversion is not possible. All tasks necessary to create "print-ready" files will be charged to you according to time spent.

JOB MARKET ONLINE

www.gdch.de/stellen

Apart from the home page, the most visited page of the GDCh (German Chemical Society) - website is the online job market. Each newly posted job announcement triggers an RSS feed and draws more attention to the open position that you are presenting. The freely accessible and regularly updated information about study opportunities and careers makes up the attractive background for our vacancies section and encourages chemistry graduates and job seekers go to the GDCh Internet sites regularly. With a teaser on the GDCh home page, you not only reach chemists who are actively seeking, but the entire network of the GDCh. Chemists, life science researchers, Chemical Engineers and other scientists can find your job offers without the need of advertising banners. Lengthy search processes are no longer necessary.

We will publish your ad within one business day.

For the online publication of your vacant position, we can offer you the following options:

ADVERTISEMENT TYPES (Advertisement via mail to stellenmarkt@gdch.de)	RUNTIME	PRICE €
HTML-advertisement (Job advertisement in the individual company layout; Delivery as a ZIP file)	4 weeks	609
incl. additional integration of your logo in the tabular summary of ads	8 weeks	970
pdf-advertisement (Job advertisement in the individual company layout as PDF-File)	4 weeks	560
incl. additional integration of your logo in the tabular summary of ads	8 weeks	920
Advertisement in standard layout (deliver as MS Word file)	4 weeks	389
	8 weeks	639

Further information is available at www.gdch.de/kundeninfo

In addition to these offerings, the GDCh- recruitment lists are also a preferred medium for the free advertisement of open internship-, doctoral-, postdoctoral- and professorial positions. For an extra fee university ads can be placed in the classified ads of "Nachrichten in der Chemie". Send your enquiry to: stellenmarkt@gdch.de.

The newsletter of **Nachrichten aus der Chemie** advises **14,000 registered receivers** on the latest developments in the chemistry and news from the GDCh every 14 days.

GENERAL TERMS AND CONDITIONS FOR ADVERTISEMENTS, SUPPLEMENTS, DIGITAL AND ONLINE ADVERTISING

1. These General Terms and Conditions shall apply to all contracts (hereinafter referred to as "orders") relating to the publication of one or several adverts of one advertiser (hereinafter: "client") in the magazines of Wiley-VCH GmbH & Co. KGaA (hereinafter: "publisher") for the purpose of dissemination and relating to the placement of online advertising on the publisher's websites. They shall also apply to orders for third-party supplements in the magazines published by the publisher. The client acknowledges these General Terms and Conditions upon placing an order.

2. Differing, conflicting or supplemental general terms and conditions of advertising clients will not be recognized as an integral part of the contract, unless the publisher expressly agrees to them.

3. The following shall apply to clients wishing to place more than one advert: The discounts shown in the advert price list are only granted for advertisers' adverts which appear in a printed product within one year. The timescale begins on the date of appearance of the first advert, unless a different start date has been agreed in writing upon signing of the contract. The size of discount is based on volume. If, within a year, fewer adverts are taken than originally agreed, the publisher shall be entitled to re-calculate the discount based on the difference between the actual and guaranteed number taken.

4. Upon contractual signing, the client shall be entitled to release further adverts in addition to the volume stated in the order within the agreed timeframe or that stated in Clause 3.

5. Order cancellations must be issued in writing. The cancellation charge imposed in the case of cancellation on the deadline date for the placement of the advertisement (or thereafter) is the total order value. In each specific instance, however, the client is expressly granted the right to provide proof that the contractor suffered no loss, or at any rate only a lower loss.

6. Orders for adverts and other marketing material to be published specifically and exclusively in specific issues, specific publications or in specific places in the publication must reach the publisher in sufficient time – i.e. not later than on the date specified in the order confirmation – for the client to be able to be informed before the advert deadline of whether the order can be executed in the requested manner.

7. Adverts and online advertising not directly recognizable as adverts because of their editorial layout will be clearly marked with the word "Advert" by the publisher.

8. The publisher reserves the right to reject advert orders – including individual adverts under a blanket contract – or orders for inserts, on grounds of content, origin or technical format, under its own standard and factually justified principles if the content of such orders contravenes legal or regulatory stipulations or if their publication is unacceptable for the publisher. This applies to orders submitted to branch offices, receiving agencies or representatives. Orders for inserts are only binding for the publisher once the insert template has been submitted and approved. Inserts which, due to the format or appearance, may appear to the reader to be part of the newspaper or magazine, or which contain third-party adverts, shall not be accepted. Rejection of an order shall be communicated to the client without delay. In such cases, the publisher reserves the right to request repayment of any discounts granted.

9. The client is responsible for punctual delivery of proper ready-to-print material or supplements or for punctual delivery of materials required for online advertising. In the case of digital ready-to-print material the client undertakes to deliver proper artwork, complying in particular with the format or the technical specifications of the publisher, punctually for the print material deadline. The publisher shall request replacement for recognizably inaccurate or damaged printing material without delay. The publisher guarantees print quality customary to that of the title concerned within the scope of the possibilities of the printing material. Before a digital transmission of artwork, the client is responsible for ensuring by means of suitable technical measures that the transmitted files are free of any computer viruses. Should the publisher discover computer viruses in a file transmitted by e-mail, said file will be deleted immediately without the possibility of the client making any related claims.

10. Discernibly unsuitable or damaged ready-to-print material and/or advertising material is to be replaced by the client immediately when requested to do so by the publisher. The cost of producing ordered ready-to-print material and/or of producing ordered advertising material as well as of substantial alterations to originally agreed versions that are requested by the client and for which the latter is responsible due to the technical quality of the ready-to-print material and/or advertising material supplied will be borne by the client. Should any deficiencies in the ready-to-print material and/or advertising material not be immediately discernible during the review process, but only become discernible in the printing operation and/or upon insertion, the client is not entitled to raise any claims on account of an inadequate printout and/or poor insertion.

11. Print documents will only be sent to the client if specifically requested. The obligation of safekeeping ends three months after expiry of contract.

12. In the case of audio and/or video linked advertising (e.g. banners that cause a pop-up window to open when clicked on, in which audio and/or video content is reproduced) the client is responsible for ensuring that the necessary approvals from GEMA [society for musical performance and mechanical reproduction rights in Germany] or other copyright associations and/or owners have been obtained.

13. The client shall be entitled to a reduction in payment or a corrected replacement advert in cases of fully or partly illegible, incorrect or incomplete printing of adverts, but only to the extent that the purpose of the advert is affected. This shall be excluded if the defect results from incorrect ready-to-print material (see clause 10 above). Should the publisher allow the timeframe given to him to elapse or should the replacement advert still be incorrect, the client shall be entitled to a reduction in payment or cancellation of the contract. Complaints – except if defects are not obvious – must be asserted within four weeks from receipt of invoice and proof.

14. (1) The client's claims for damages shall be excluded unless provided for otherwise hereinafter. This exclusion of liability shall also apply in favour of the publisher's legal representatives and vicarious agents in the event that the client asserts claims against them.

(2) Claims for damages on account of death, injuries or adverse health effects as well as claims for damages caused by a violation of essential contractual obligations shall be exempt from the liability exclusion in paragraph 1. Essential contractual obligations shall mean obligations, the fulfilment of which is necessary in order to achieve the objectives of the contract. Liability for damages caused by intentional or grossly negligent breaches of obligations on the part of the publisher, his legal representatives or vicarious agents shall also be exempt from the liability exclusion.

(3) The provisions of the German Product Liability Act (ProdHaftG) shall not be affected by the above.

15. Sample print-outs will only be provided where specifically requested. The client shall be responsible for the correctness of the returned samples. The publisher shall observe all error corrections made known to it within the period specified upon sending the sample. Should the client fail to return within the specified period a sample sent on time by the publisher, approval for print shall be deemed to have been given.

16. Unless any specific sizing requirements have been given, the amount to be charged shall be calculated based on the print size that is normal for the type of advert.

17. The client avouches that his is the unconditional owner of all rights of use to the advertising material necessary for publication and distribution. In this respect he indemnifies the publisher from all claims by third parties, and grants the publisher the rights of usage necessary for publication of the advertising material.

18. The client avouches that he is entitled to set the hyperlinks connected to the online advertising. The client furthermore affirms that he will abide by the applicable data privacy legislation – in particular of the Federal and the Televisers Data Protection Act – and also impose such a responsibility on their employees. Should the client use special techniques such as cookies or tracking pixels to obtain or collect data from the insertion of advertising material in the online offering of the publisher, the client also affirms that they will abide by the precepts of the German Telemedia Act (TMG) and/or of the Interstate Broadcasting Treaty (RStV) as well as the Federal Data Protection Act (BDSG) in the collection, processing and use of personal data.

19. Should the client fail to pay in advance, the invoice shall be sent immediately or within a maximum of fourteen days after publication of the advert. The invoice must be paid within the period given in the price list, starting from the date of receipt of invoice, unless a different payment period has been agreed in individual cases.

20. In the event of a delay or deferral in payment, interest and recovery costs shall be added to the amount due. In the case of payment delay, the publisher may withhold further publication under the order concerned until payment is made and demand advance payments for the remaining contracts. Where there is established doubt over the client's ability to pay, the publisher shall be entitled, even during the duration of an advertising contract, to make the publication of further adverts dependent on the prepayment of the sum due and the settlement of outstanding invoices, regardless of the payment terms originally agreed.

21. The publisher shall provide, upon request, a copy of the advert along with the invoice. Depending on the type and scope of advertising contract, advert extracts, record pages or full record numbers will be provided. If a record can no longer be created, it will be replaced with a legally binding certification from the publisher of the publication and distribution of the advert.

22. In the event of a reduction in circulation, a price reduction may be claimed for contracts for a series of adverts if in the overall average of the insertion year of the first advert, the average circulation stated in the price list or stated any other way or, if a circulation figure is not given, the average number of issues sold (for trade magazines, where appropriate, the average actual distribution) in the previous calendar year is not exceeded. A reduction in circulation is only deemed as a deficiency eligible for a price reduction if it amounts to

- 20% for circulation of up to 50,000 copies
- 15% for circulation of up to 100,000 copies
- 10% for circulation of up to 500,000 copies
- 5% for circulation of up to 500,000 copies.

In addition, claims for price reductions are excluded for contracts if the publisher has given the client sufficient notice of the reduction in circulation for the client to be able to cancel the contract before publication of the adverts.

23. The publisher shall not be responsible for any delays in performance caused by unforeseeable events which the publisher cannot influence (such as strikes, lock-outs, disruption of operations, etc.). After the cessation of such events, the publisher may either publish adverts in the next possible issue of the printed work or online advertising medium, or withdraw from the contract – entirely or in part. In this context, the client shall not be entitled to claim damages.

24. The place of performance and exclusive place of jurisdiction for all disputes shall – to the extent permitted by law – be the publisher's head-quarters, at present Weinheim, Germany.

25. The legal code of the Federal Republic of Germany shall be applicable under exclusion of the United Nations Convention on Contracts for the International Sale of Goods.
